

Lokesh Kudipudi

 lokesh-kudipudi |  lokesh.k23@iiits.in |  Lokesh-Kudipudi |  Portfolio

SKILLS

Languages	Python, JavaScript, C++, HTML/CSS
Frontend	React.js, Next.js, Tailwind CSS
Backend	Node.js, Express.js, FastAPI
Databases	MongoDB
AI & ML	Google Gemini API, LLM Integration, Hugging Face, PyTorch, IndicTrans2
Tools & Arch.	REST APIs, WebSockets, OAuth 2.0, Git, GitHub

Projects

Mockly — Agentic AI Interview Platform.....

Next.js, Python, Google Gemini, *Github*
Whisper, FastAPI

- Engineered a real-time mock interview application using a Next.js frontend and a Python FastAPI backend to orchestrate AI processing and server logic.
- Architected a Conversational AI pipeline integrating Google Gemini LLM with Whisper (STT) and Kokoro/Gemini TTS to simulate natural, human-like interviews.
- Built low-latency voice interaction via Voice Activity Detection (VAD) and continuous audio streaming for seamless, interruptible conversations.

Book Translator — NLP Translation Pipeline.....

Python, IndicTrans2, HuggingFace, *Github*
Colab

- Developed an ML-powered translation pipeline using the AI4Bharat/IndicTrans2 (1B parameter) model to translate English texts into Indic languages with high accuracy.
- Preserved original document layouts across PDF and TXT files via a robust batch-processing system for large-scale translation.
- Evaluated performance using BLEU, TER, and METEOR metrics with comparative analysis against Google Translate, ChatGPT, and Gemini.

DevQuiz — AI-Powered Assessment Platform.....

MERN Stack, Tailwind CSS, Gemini *Github | Live*
API

- Built a full-stack assessment platform using the MERN stack with Google OAuth 2.0 authentication, group-based role controls, and real-time leaderboards.
- Integrated Gemini API to dynamically generate quizzes and coding rounds, using react-markdown and rehype-highlight for AI-generated code rendering.
- Architected a “Bring Your Own Key” (BYOK) system for secure user-level API key injection, reducing central quota dependency.

Position of Responsibility

Epoch AI-ML Club.....

Lead *August 2024 – April 2026*

- Grew from Deep Learning domain core (Aug 2024) to Club Lead (Aug 2025), contributing technically through projects and event websites and non-technically through organizing AI/ML events.

EDUCATION

Indian Institute of Information Technology Sri City Chittor
Bachelor of Technology
Computer Science and Engineering
CGPA — 9.13/10

Certifications

- The Complete JavaScript Course 2023: From Zero to Expert!
- The Ultimate React Course 2023: React, Next.js, Redux & More
- Node.js, Express, MongoDB: The Complete Bootcamp 2024
- Machine Learning A-Z (Udemy)
- Deep Understanding of Deep Learning (Udemy)
- Natural Language Processing (Udemy)
